Letter No. 7054/54-5 & 2-2-55 from the chairman, C.D.T.B, Bangalore regarding appointment of staff in connection with the construction of quarters at Jayamahal and Oakleyfurnam.

1) The proposal is to entertain the following staff in connection with the construction of houses at Oakleyfurnam & Jayamahal extension:—

Asst. Engineer — 1
Supervisor — 1
Sub-overseers — 3.
I Division clerk — 1
II Division clerk — 1.
Peons 2.

2) In this connection, it is submitted that the Bangalore Trust Board whenever a new scheme is sanctioned, proposes to appoint additional staff, starting with an Asst. Engineer.

3) In the Mysore Trust Board, construction of 63 model houses costing Rs 2,73,420 was taken up and 60 houses have been completed. Apart from this

the Housing Trust Board was entrusted with the work of constructing Labour houses on behalf of the Labour Housing corporation. The cost of the scheme is Rs 15,00,000. All the buildings (480) are completed. The Trust Board is also entrusted with the work of providing water ground Drainage work (out fall works) at a cost of Rs 6,00,000. Work to the extent of Rs 82,000 has been executed for the last ten months. All these works are managed by one Asst. Engineer with the Executive staff and a few hands employed temporarily in connection with the Labour Housing scheme and the Drainage scheme. The Asst. Engineer was paid a Duty allowance of Rs 50/- for in connection with the Labour Housing scheme:

4) When one Asst. Engineer with a few subordinate Executive staff could manage a Rs 15 lakhs scheme in addition to other works in Cuppur T.B, the staff of the Bangalore Trust Board consisting of one Executive Engineer and

5) The proposals to appoint the extra staff may be turned down. There are some Assistant Engineers in the T.B. who are staying there for over three years and the Engineer from the T.B. seems to be unable to extract work from them & those A.E.s and Overseers & Subovers. who are in the Bg for over three years may have to be transferred and young and energetic officials may be taken to the T.B. Letter No. 582/55-56 & 2/3-5-55 from the chairman, B.T.B. on the subject.

30) The chairman's letter dt 3-5-55 (page-27) is submitted for perusal. As seen from this letter, the services of three sub-overseers attached to the Sewage disposal scheme and 4 sub-overseers of the permanent staff are not continued. This is as per orders already passed

31) The chairman insists on the continuance of one Asst. Engineer, one surveyor, one First Division clerk and two peons attached to the Sewage disposal scheme incorporation for a period of one year from 1-4- with the construction of harbour. There is perhaps no need to continue the staff and to revise the orders already passed. Exclusive of one Executive Engineer; (Engineer officer), three Asst. Engineers are perhaps quite sufficient to manage the works of the Board, as already explained earlier, one Asst Engineer has done more work in the Mysore Urban Board. The orders with reference to paras 21, 22 & 23 of the notes

officials for the month of April and May, pending decision regarding the continuance or otherwise of the staff.

33) Second is about the necessity of having 1 more Assistant Engineer for the execution of the works recently sanctioned.

34) As regards the first point, it has to be stated that the Chairman has continued 1 Asst.Engineer, 1 Surveyor, 1 First Dn., Clerk, and 2 Peons, from 1-4-55, and has requested to issue instructions to the Controller for the disbursement of their pay. As the above staff has been continued, the Controller will be addressed to disburse the pay for April and May.

With regard to the second point, viz., the continuance of 1 Asst.Engineer, 1 Surveyor + 1 First Dn. clerk + 2 peons the Chairman states that the works costing Rs. 9.5 lakhs have been sanctioned recently (i.e. constructing buildings in Jayamahal Extension and Kumara Krupa Compound) and these works have to be completed very quickly according to the instructions of the Chief Minister and the Minister for Local Self-Government. From the progress reports received from the Chairmen, City Improvement Trust Board, Bangalore and Mysore, it is seen that the outlay in Bangalore Trust Board during the year 54-55 is only Rs. 7½ lakhs as against Rs. 14½ lakhs spent by the Trust Board, Mysore; (Vide para 17). This clearly shows that the Engineering staff of the Bangalore Trust Board have not been quite active and that they

(51) According to the letter of the Chairman dated 28-3-1955 the expenditure incurred by the Trust Board during 1954-55 (upto the end of February 1955) is Rs.7,60,169/- But the expenditure is reported to be Rs.10,20,623/- upto the end of March 1955. During one month, i-e., during March 1955 Rs.2,60,454/- is shown as spent. This is very much doubtful. We have issued orders that one post of an Assistant Engineer out of the four Assistant Engineers, and one Supervisor, three Sub-overseers, one first Division clerk and two peons should

be retrenched (vide letter No.L.1176/ITB.79-54-4 dated 26-4-1955). The Board have retrenched the posts of three Sub-overseers only. In Mysore, where there is one Assistant Engineer, works costing Rs.14,32,364/- have been done last year, i.e. upto the end of February 55, whereas in Banglore, with four Assistant Engineers and one Executive Engineer, the outlay is Rs.7,60,169/- upto the end of February 1955. This will never justify the existence of such a big staff. Even after reconsideration of the case, there is sufficient grounds to state that two Assistant Engineers and one Executive Engineer will be quite sufficient, as against four Assistant Engineers and one Executive Engineer.

Therefore, the order dated 26-4-1955 passed already may have to stand, Or

(52) one more Assistant Engineer may have to be retrenched to prevent extravagance of expenditure on the staff in the Trust Board. The work may suitably re-distributed. The other staff noted at 'A' must be

Entertainment of Establishment required for the work of constructing Officers' and Staff Quarters in Jayamahal and Model Houses in Oaklipuram.

The Board at their meeting held on 16-9-54 have approved an estimate amounting to Rs.5,50,000/- (since scrutinized to Rs. 5,15,350/-) for constructing some Officers and Staff Quarters in Jayamahal Extension. This work is proposed to be done departmentally and provision has been made in the estimate towards necessary establishment, Tools and Plant charges. A sum of Rs.3,00,000/- has also been allotted for this work in the sanctioned Budget of the Board for the current year and this is proposed to be spent before the close of the Official year. In addition to this, another sum of Rs.1,50,000/- has been alotted in the Sanctioned Budget for constructing some model houses in Oaklipuram. There is thus an amount of Rs.4,50,000/- made available for building constructions in the Current year. It is therefore necessary to entertain the marginally noted establishment immediately for a period of 2 years in the first instance from 15-10-54.

Assistant Engineer	1
2.Superviser	1
3.Suboverseers.	3
4.Ist Dn.Accounts Clerk.	1
5.IInd Dn.Stores Clerk.	1
6. Peons	2

In this connection it is pointed out that the sewage disposal in Vrishabhavathi Valley near Kenchenahalli, are not yet started pending receipt of final orders of Government in the matter. The Special Staff entertained in connection with this work will be placed in charge of the above building constructions temporarily.

This is placed before the Board for approval.

Sir,

Subject:- Sewage Disposal Scheme in Vrishabhavathi Valley.

--;--

With reference to letter No.L.15523/I.T.B.30-53-59 dated 28-3-55 regarding the above, I write to state that as directed therein, the marginally noted staff at present attached to the above scheme will be released after 31-3-55 but continued from 1-4-55 against the establishment proposed for the construction of Officers and Staff Quarters in Jayamahal and Model Houses in Oaklipuram as already reported in this Office No.8028/54-55 dated 8-3-55. The estimate for these works have already been sanctioned by Government and the tenders accepted by the Board are approved by the Chief Engineer and sanction of Government is awaited. The works will be started early in April 1955 as the preliminaries are already commenced.

(i) Assistant Engineer	.. One
(ii) Supervisor	.. One
(iii) Suboverseers	.. Three
(iv) Ist Division Clerk	.. One
(v) Peons	.. Two

I therefore request you to kindly obtain and communicate orders of Government sanctioning the continuance of the above staff with an addition of one Second Division Clerk from 1-4-55. I may add here that, but for this disbanded staff the entertainment of a separate staff for the construction of buildings in

in Jayamahal and Caklipuram would have been necessary and this is now obviated by the continuance of the existing staff.

The favour of very early orders of Government in the matter is requested.

DRAFT. (2321)

L 11126 — ITB 79. 54. 4

To 26-4-55

The Chairman,
City Improvement Trust Board,
Bangalore.

Sir,

Subject: Appointment of staff in connection with the construction of quarters in the Jayamahal extension.

-:-

With reference to correspondence ending with your letter No.Ac.15/55-56 dated 2-4-55, on the above subject, I am directed to state that there is no need to continue the staff entertained in connection with the sewage disposal scheme at Vrishabhavathi valley in Mysore Road, and to entertain another II Division Clerk for the work referred to above. The services of the staff may be disbanded immediately, as per orders already communicated in letter No.L.15523/I.T.B. 50-53-59 dated 28-3-1955.

Besides the staff which is ordered to be disbanded, the remaining staff in the Engineering section and Drainage Section of the Board consists of:-

1) Engineer Officer (Executive Engineer)
2) Three Assistant Engineers.
3) Three Draughtsmen.
4) One Assistant Draughtsman.
5) Three Overseers.
6) Sixteen Sub-Overseers.
7) Three Tracers.
8) One Surveyor.
9) Seven Second Division Clerks.
10) Two Accounts Clerks.

It is also considered that there is no necessity to have sixteen sub-overseers in all in the remaining staff (Engineering Section, Additional Engineering Section and the Drainage Section) and that only twelve sub-overseers are sufficient. The remaining staff can conveniently attend to the work in question besides the normal work of the Board. The posts of sub-overseers may therefore be reduced

from sixteen to twelve and four posts abolished immediately.

I am to request you to distribute the work among the remaining executive staff and go ahead with it. But as work progresses and the need for staff is found to be unavoidable, extra staff can be thought of later on.

Yours faithfully,

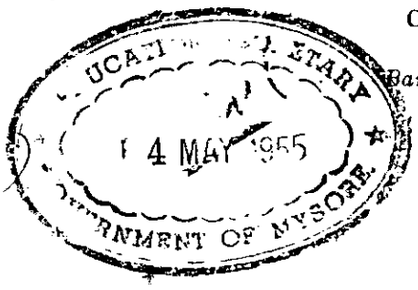
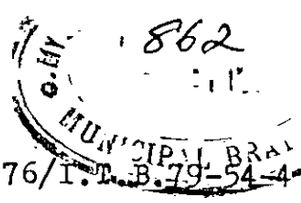
D.O. No. 582/55-56
Excl Four Statutes





Dear Sir,

With reference to your letter No.L.1176/I.T.B.79-54-4 dated 26-4-55 directing that the Staff entertained in connection with the Sewage Disposal Scheme at Vrishabhavathi Valley in Mysore Road, be disbanded immediately as per orders already communicated in letter No.L.15523/I.T.B.50-53-59 dated 28-3-55 I write to state as follows:-

Urgent building works estimated to cost about 6.7 lakhs in Jayamahal Extension and 2.8 lakhs in Kumarakrupa have been started and have to be carried out departmentally and also completed before the end of this year. It is therefore absolutely necessary that there should be a special staff for these works and the existing staff cannot be told off for this There is no Store-keeper in Trust Board and to maintain a proper account of large quantities of Store articles and materials, the services of a Ist Division Clerk is also absolutely necessary.

The Board has programmed heavy works during 55-56 and a statement showing the distribution of works among the existing staff is herewith submitted for reference.

The present sanctioned strength of the Executive Officers and Subordinates of the Board is one Engineer Officer, 4 Assistant Engineers, 2 Surveyors, 3 Overseers and 19 Suboverseers. The working strength is also the same except with regard to Suboverseers which is only 13 at present. After retrenching the Staff of the Vrishabhavathi Valley, the Staff will be 1 Engineer Officer, 3 Assistant Engineers, 1 Surveyor, 3 Overseers and 16 Suboverseers. Out of the 13 Suboverseers that are actually working at present, one more Suboverseer will be sent away reducing the working strength to 12 as directed in your letter of 26-4-55 referred to above. The extra staff now required for the building works at Jayamahal and Kumarakrupa is one Assistant Engineer, 1 Surveyor, One Ist Division Clerk and Two Peons. After disbanding the Staff of the Vrishabhavathi Valley with effect from 1-4-55, the above staff of 1 Assistant Engineer, 1 Sruveyor, One Ist Division Clerk and Two Peons out of the disbanded staff ~~will be~~ has been continued and sanction for this staff for a period of one year from 1-4-55 may kindly be obtained and communicated.

P.T.O.

24

As the staff has been continued in the interest of work from 1-4-55 in anticipation of approval and they will be put to much inconvenience for want of pay for April 1955, the - - Controller, State Accounts Department, may kindly be authorised to admit the pay for - - April 1955 provisionally, pending formal sanction to the continuance.

Yours Sincerely,

ITB. 79-54-8

Subject: Appointment of staff in connection with the construction of Officers' and Staff Quarters in Jayamahal Extension.

With reference to your letter No.L.2639/ITB.79-54-7 dated 9th June 1955 and subsequent reminder No.L.3144 dated 20th June 1955 on the above subject, I write to state as follows:-

1. Sri G.Sampath, B.E., is the Assistant Engineer, who is placed in charge of the above work.

2. It is presumed that the year noted is 1955-56 and not 1954-55. In addition to the above work, the Assistant Engineer is entrusted with the construction of model houses in Oaklipuram, which is since ordered to be built in Jayamahal only by the Chief Minister. Further, this officer is in charge of the formation of "Vidhana Veedhi" from the Press Circle up to Cubbon Road. The magnitude of these three works themselves will be to the tune of Rs.8 lakhs nearly. It is also proposed to place the same officer in charge of the construction of three "A" Type Quarters in the premises of "Kumara Krupa" in High Grounds estimated at Rs.2,77,800/- after the receipt of sanction of Government to the acceptance of the tenders for the work by the Board which is also expected ~~xxx~~ shortly.

3. As the above work was started only during 1955-56 no outlay was incurred against the work during 1954-55. The

39 (40)

The sanction of Government accepting the tenders for the work was received in April 1955, vide G.O.No.L.60-2/ITB. 22-5-6 dated 5-4-55. After observing necessary tender formalities, the "Guddali Puja" was performed by the Minister for Local Self Government on 18th April 1955 and the work was started in right earnest in the first week of May 1955. The progress achieved so-far is over Rs.45,000/- which is satisfactory.

I, therefore, request that very early orders of Government for continuing the staff connected with the construction of buildings in Jayamahal up to the end of March 1956 as already reported in this office No.562/55-56 dated 3-5-1955, may be kindly obtained and communicated.

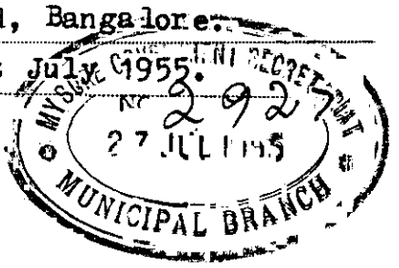
Date 21st July 1955.



To

The Secretary to Government,
Education and Local Self Government Departments,
Bangalore.

Sir,

Subject:- Appointment of Staff in connection with the construction of Officers' and Staff Quarters in Jayamahal Extension.

With reference to your letter No.L.3859 dated 12-7-55 on the above subject, I write to furnish the required information as per statement appended herewith.

I write to reiterate in this connection that the ~~sanc~~ staff sanctioned to the sewage disposal scheme at Vrishabhavathi Valley which was ordered to be disbanded from 31-3-55 was utilised for the construction of Staff Quarters at Jayamahal in anticipation of approval with effect from 1-4-55 as already intimated to Government in this Office letter No.D.O.582 dated 3-5-55.

In view of the above circumstances and as the special staff is absolutely necessary for the quick disposal of the work undertaken at Jayamahal, I request you to kindly obtain and communicate early orders of Government for the sanction of the marginally noted staff for a period of one year from 1-4-55,

viz., 1) One Assistant Engineer
2) One Surveyor
3) One Ist Division Clerk
4) Two Peons

to fecilitate early disposal of the work already undertaken and which is in ~~progres~~ progress.

D.O. No. 2069/55-6

Dear Sir,

Re: Continuation of establishment required in connection with the construction of Officers' and Staff Quarters in Jayamahal Extension.

In continuation of my letter No.1917/E.S. 55-6 dated 21-7-55 on the above subject, I write to request you kindly to obtain and communicate sanction of Government thereto as the present term of the establishment has already expired by 30th June 1955. The building works are rapidly progressing and they are to be completed urgently as per instructions of the Chief Minister. The other building works in "Kumara Krupa" premises and in the vacant site opposite the Golf Grounds, are also about to be started. In addition, the formation of Vidhana Veedhi and the layout of roads in the premises of Vidhana Soudha are also to be done urgently as per recent instructions of the Chief Minister. The Establishment proposed for all the above works, comprises of only one Assistant Engineer, one Supervisor, one Accounts clerk and 2 peons and it is the minimum requirement. I request that very early sanction of Government to the above establishment may be kindly obtained and communicated to enable the pay bill of the staff for July 1955, being admitted in audit by the State

With reference to your letter No.L.6134-35 dated 25th August 1955, suggesting the retrenchment of the marginally† noted staff from 1-9-1955, I write to state that arrangements have been made to retrench the following staff** As against a Surveyor suggested to be retrenched it is proposed to retrench a suboverseer, as there are at present only two graduate Surveyors and both of them are in charge of important works and their services at this juncture of time when important construction works are on hand, are very essential. By thus retaining a Surveyor the extra cost will not be very much and I request that orders of Government may kindly be obtained to retain a Surveyor and to retrench in his place the post of a Suboverseer.
